

History Beyond the Classroom

Vermilionville's **mission** is to increase appreciation for the **history, culture, and natural resources** of **Native Americans, Acadians, Creoles, and peoples of African descent** in the Attakapas region through the end of the 1800s. Through historic **interpretation and conservation** along the Bayou Vermilion, we strive to educate guests on the interactions of these groups and **the connections between past and contemporary folklife**, empowering guests to apply these lessons from our **shared histories**.

Vermilionville is a reconstructed historical village that sits on a beautiful tree-covered **23-acre site** on the banks of the **Bayou Vermilion** with **19 attractions**, including **seven restored original homes**. Our costumed interpreters

bring history to life with demonstrations of **traditional crafts** and offer **engaging and insightful information** about the history and culture of our region as well as the village's historic homes. **Vermilionville** is a place for **history, music, food, cultural exchange, historic architecture** and much more.

21 days prior: final numbers due. Minor adjustments can be made to numbers up until 7 days prior to visit. When the guest count decreases within the 7 day window, you will be charged for the confirmed number of guests prior to the 7 day window. When the guest count increases from the confirmed number at 21 days prior, prior approval is needed to ensure we have staff and space availability to accommodate the increase in the number of guests.

14 days prior: deposit is due.

7 days prior: all payments made are **nonrefundable**. **Food restrictions** for guests must be turned in. * If the group leader will not have this information until closer to the visit, please advise of this at booking so we can ensure the kitchen is prepared for the group as best as possible.

OTHER IMPORTANT INFORMATION

Groups with 25 or more guests: when working with large groups, we are able to rotate groups throughout the village. For example, a group of 50 guests that has booked a guided tour, dance lessons and beignet cooking demo: one group would be in the village on their guided tour while the other group would be doing dance lessons and then move to the beignet cooking demo and then at the end of that “rotation” each group would switch out activities.

Parents Joining A Fieldtrip: we ask that parents be reminded that the field trip is designed with the students in mind and that they should be standing off the back of the group. When a large number of parents attend, they may need to stand on the porch of the historical homes. We do ask that when parents attend the field trip that they be “**extra eyes and hands**” when needed both when in the village, doing crafts, visiting the gift shop or on our boat tour.

Themed Goodie Bags: this is a great way for each student to bring home a little something! Example: Christmas, Mardi Gras, Louisiana, environmental, etc.

Gift Shop Etiquette: our gift shop is small but mighty. When a group would like to visit the gift shop, we schedule a **15 minute window for the group in the gift shop**. The group is not allowed in the gift shop outside of this window of time. This gives enough time for the students to shop, check out and move along to the next scheduled activity to allow time for our walk-in guests to enjoy the gift shop as well. **We ask that teachers and chaperones prepare their students ahead of time:** please make sure students understand that tax is ADDED to the cost on the price tag and are ready with the **correct amount of money to purchase whichever items are chosen**. **This is a time where those extra hands and eyes of chaperones and parents assist with managing students in the gift shop**. Once students have checked out, we ask that a chaperone have those students **move outside to the porch area to avoid the gift shop from becoming too crowded**. Students should not be playing with items, moving items or huddling in the corner “hanging out.”

Student to Chaperone Ratio: we ask for a 10:1 student to chaperone ratio. This can be a teacher, staff member, parent or other adult chaperoning the group of students. For this reason, we offer complimentary admission to chaperones.

Final Guest Count: must include ALL guests, whether paid or free (complimentary admission, younger siblings), prepaid or paying the day of the visit. For guide tours of the village and boat tours, it's important to have an accurate guest count so that we can plan for tour guides and availability of our boat captain.

Max # of guests: for our guided tours, the max number of guests per group is 25, however, it's **recommended to keep the group size at 20 or less** because some of the historical homes have tight spaces.

Weight Requirement & Personal Flotation Devices: all guests must be 18 lbs or heavier to ride on the boat. We provide standard personal flotation devices for guests, however guests are welcome to bring their own PFD if they'd like to. We have a small number of 18-30 lb life jackets. We encourage guests to bring their own PFD if bringing a small child on board. We also have a small number of extra large life jackets.

Vermilionville reserves the right to make any changes to information stated above when deemed necessary.
